WELCOME!

CANVAS STUDIO

Tama Hebert, Teaching & Learning Design Specialist

Learning Ecosystem for Empowering Futures

OUR SESSION:

- What is Educator Presence?
- Canvas Studio Overview
- How to Use Canvas Studio
- Q & A

WHAT'S YOUR VIDEO ROADBLOCK? 🚧

What is your biggest challenge when creating videos for your courses?

- Finding the time
- Knowing what to say
- Making the video engaging
- Using the technology
- Getting students to actually watch it 😊

EDUCATOR PRESENCE

•Real person on the other side of the screen (Parrish, et al., 2021).

•Establishing expectations around course communications, email response time, and grading turnaround (Fendler, 2021; Gloria & Uttal, 2020; Park & Koo, 2022).

•Achieved online through intentional design (Foo, 2021; Pacansky-Brock et al., 2020).

VIDEOS BUILD PRESENCE

- Videos help build instructor presence (Glazier et al., 2020; Wang et al., 2021)
- They allow students to hear and see instructors' authentic tone and expressions
- Improve social connection (Miller et al., 2019).

WHAT IS CANVAS STUDIO?

Canvas Studio is a versatile video education platform integrated within the Canvas Learning Management System (LMS). It allows both instructors and students to create, manage, and share video content seamlessly.
Here are some key features:

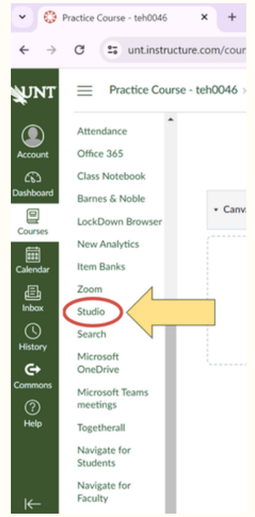
- Video Creation and Recording
- Interactive Learning
- Collaboration
- Analytics
- Accessibility

LET'S DIVE IN!

Log into Canvas

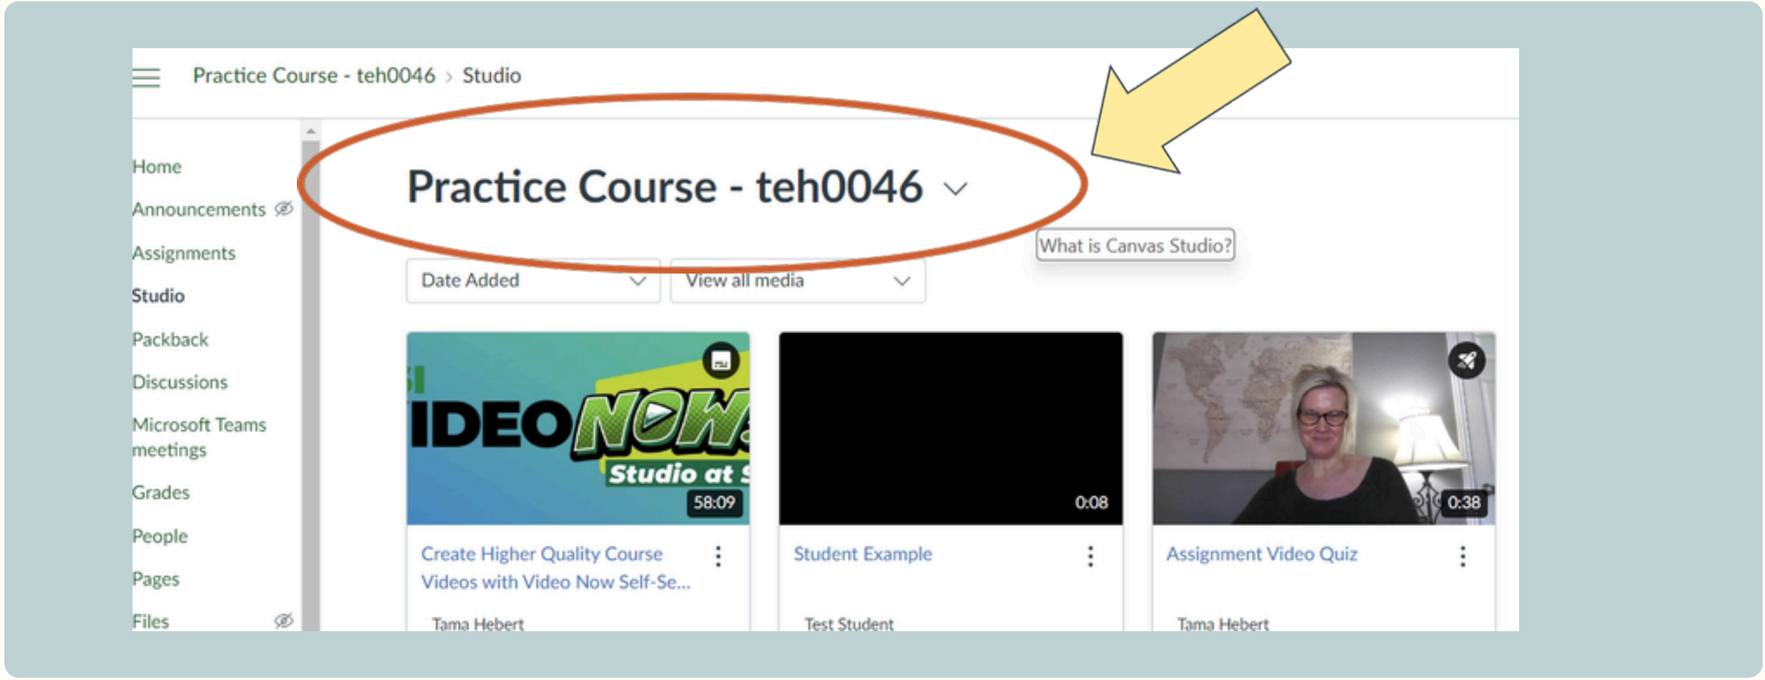
1. Select a Course

2. Select Studio on your course navigation bar on the left

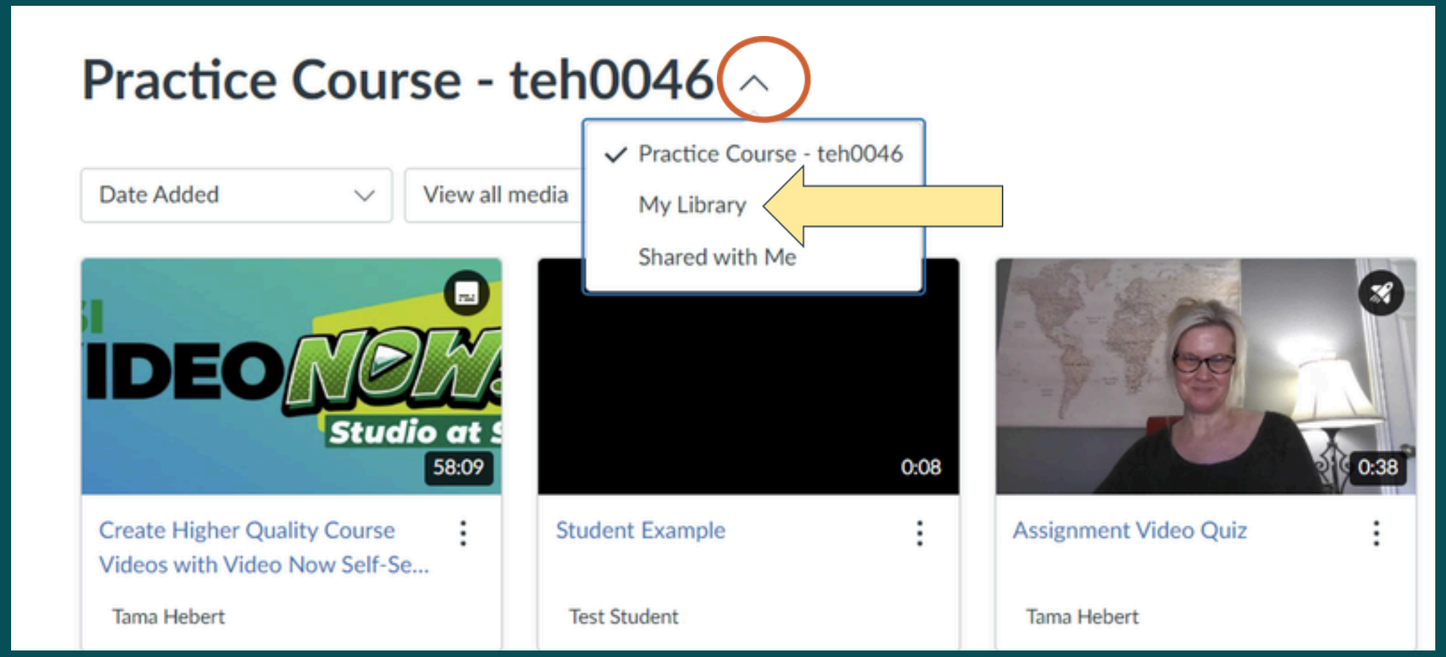


NOTICE

Studio opens in your course collection of videos

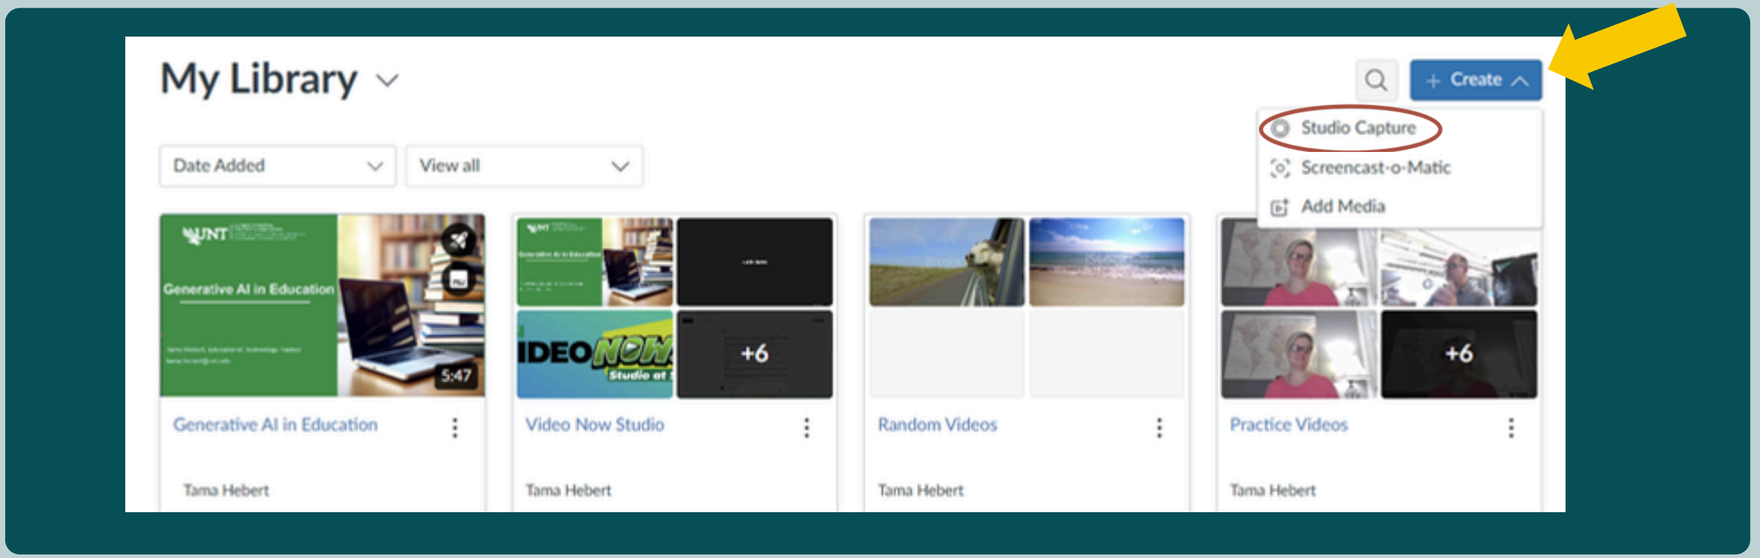


Use the arrow to change the view to your library if you want to see ALL your Canvas videos.

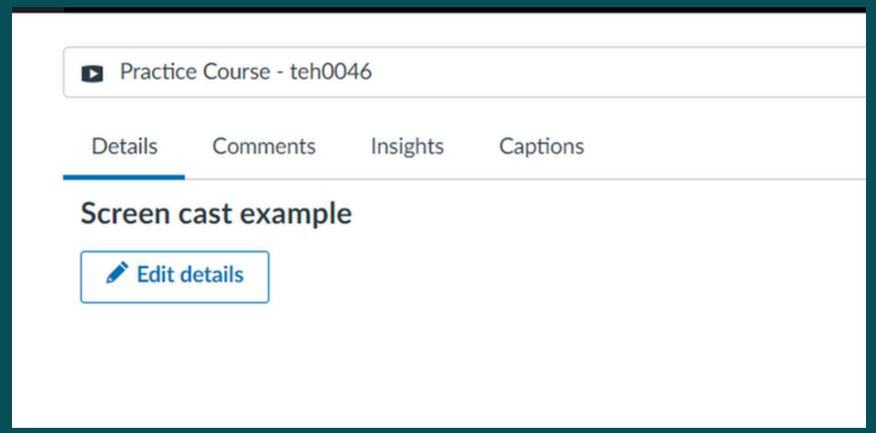


Get ready to Record

1. Click on +Create
2. Select Studio Capture



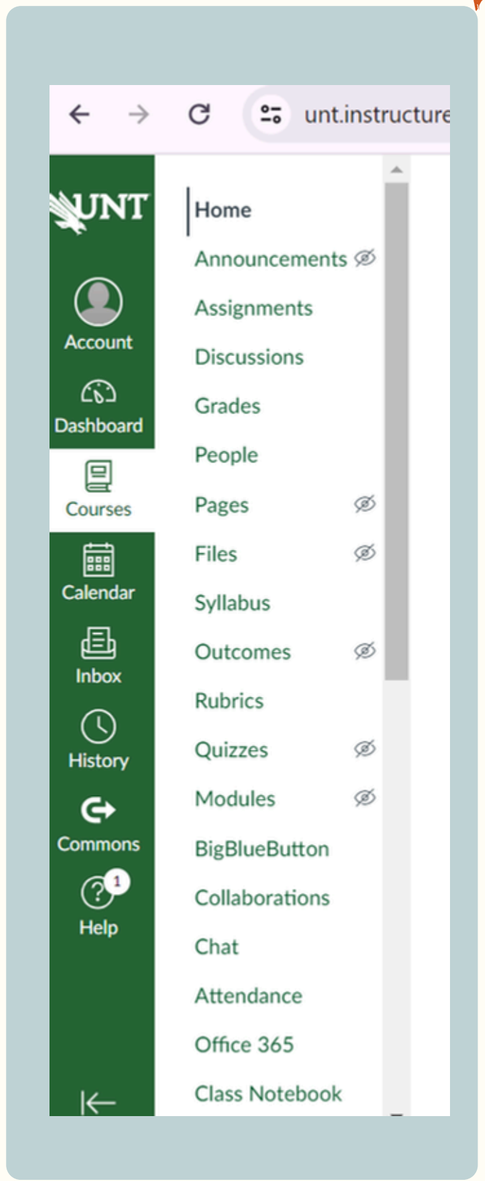
VIDEO SETTINGS



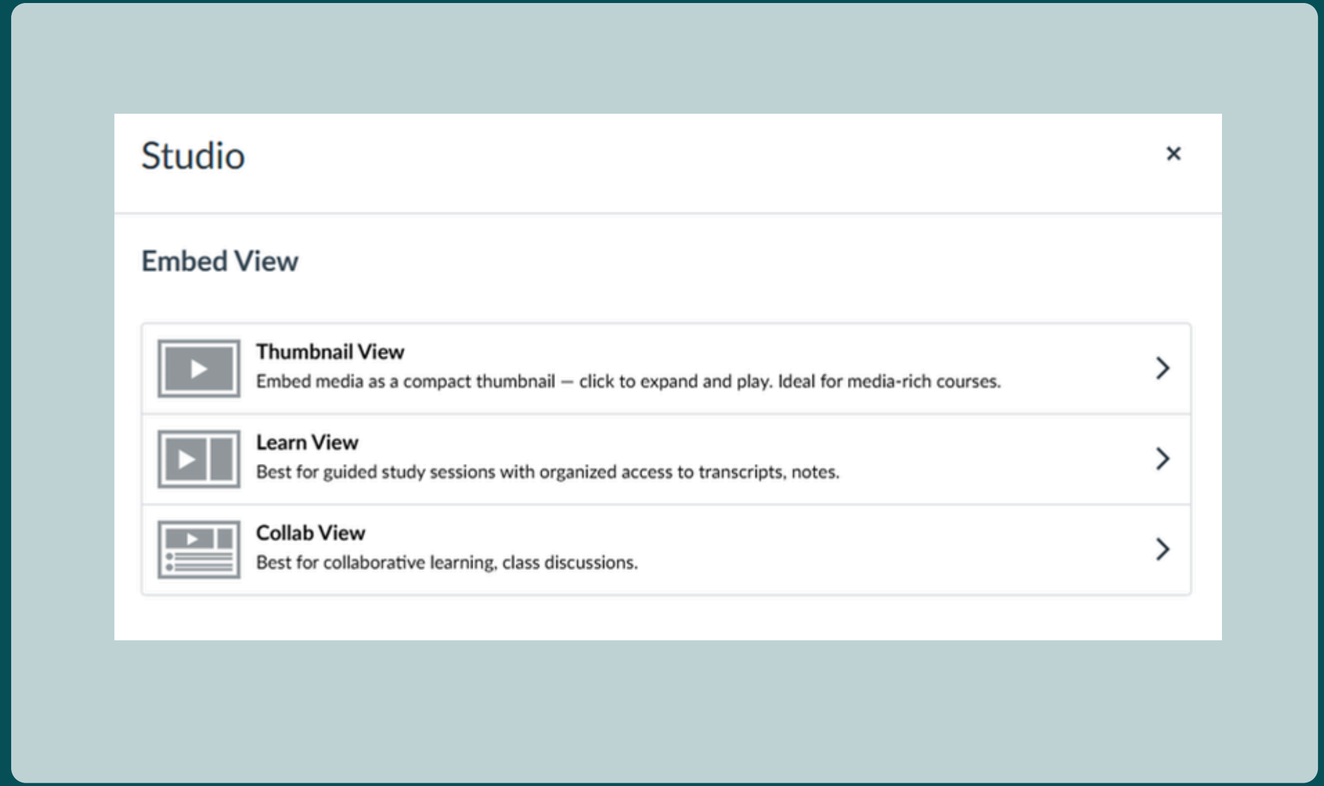
ADDING VIDEO TO COURSE

Decide where you want your students to see your video.

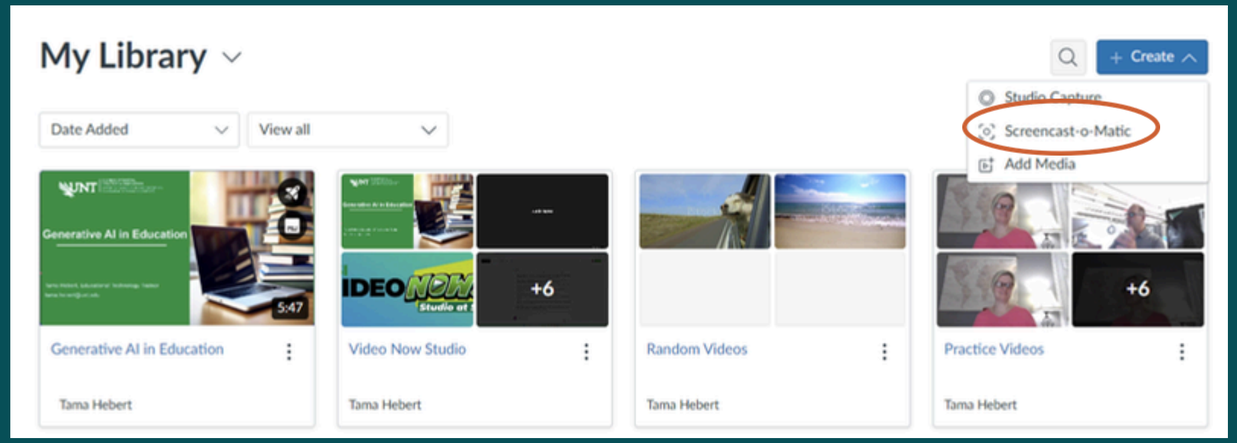
- Announcement
- Assignment
- Quiz
- Discussion Board
- New Module



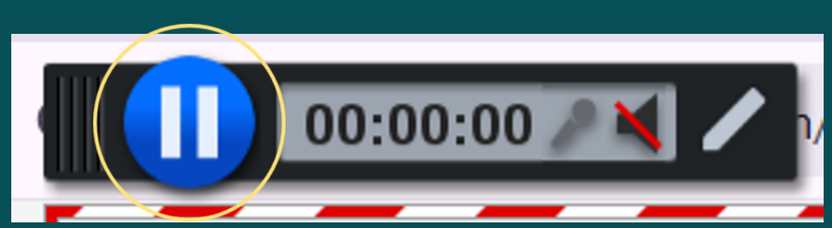
EMBEDDING OPTIONS

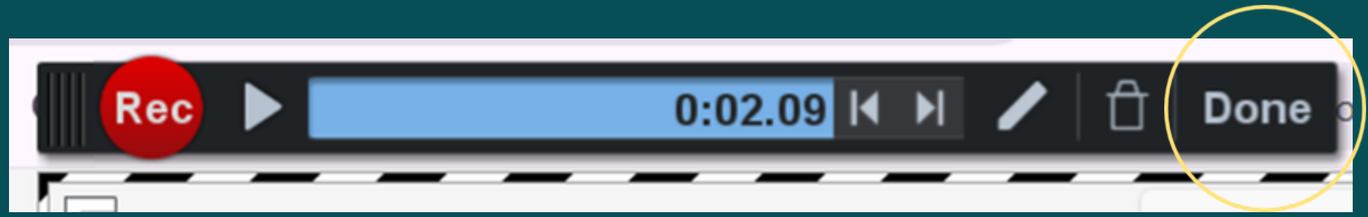


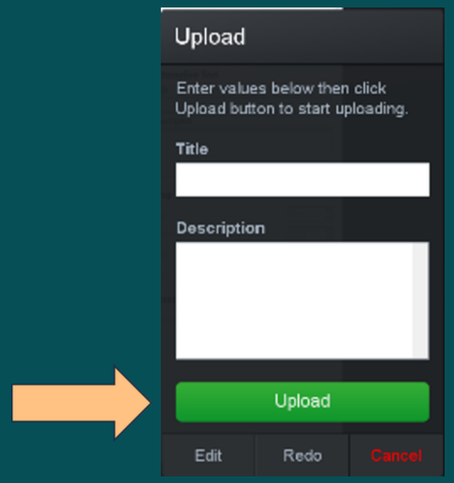
SCREENCAST-O-MATIC



Click Record to Start and Pause to Stop







ENGAGEMENT TOOLS

Quizzes & Annotations

1. Go to a video in your **LIBRARY**

2. Select the 3 dots in the bottom right

Q & A

Upcoming LEEF Designing Learning Workshops: Fall 2026

- **Oct. 16:** Why Students Cheat & What We Can Do About It: Encouraging Ethical Learning Practices in the Age of AI

- **Oct. 26:** We Flipped Our Classrooms. Ask Us Anything: A Faculty Panel Discussion

- **Dec. 1:** Beyond the Prompt: Fostering Digital Literacy and Critical Thinking for Students around AI

- ENGAGE: **Active Learning Mini-Course**

MARK YOUR CALENDARS: **April 14 - **Advanced AI Learning Expo**

Thank you!
